AFFIDAVIT

My name is Alice Klimas and I have been the Executive Director of the Jupiter-Tequesta-Juno Beach Chamber of Commerce since the mid 70's. During this time I have observed that our local FM station, WVSI-FM (later called WIXI, WKSX and WTRU FM) has broadcast for local groups and agencies, public service announcements and programs. I am aware of the many public affairs programs and community interest programs broadcasted by Jan Davisson. The Chambers records show that Jupiter's only FM radio station has been an active member through 1987 and a brief six month period in 1990. To my knowledge the local FM station broadcasted the Chambers public service announcements during those periods.

I understand that this statement may be submitted to the Federal Communications Commission.

I declare under penalty of perjury that all of the foregoing statements are true and correct to my knowledge and belief.

AFFIDAVIT

My name is Dan Ball and I have been self-employed as the owner-operator of advertising agencies in both Jupiter and Tequesta, Florida, since 1984. During this time I have observed that our local FM station, WVSI-FM (later called WIXI, WKSX, and WTRU FM) has broadcast local public service announcements and programs for local Jupiter groups and agencies. I have known Jan Davisson for many years and am aware that Jan has broadcast many public affairs interview programs on WVSI-FM. In 1985, under the management of Robert Taylor, I know that WVSI-FM broadcast announcements supporting and promoting our local theatre, the Jupiter Theatre. Mr. Taylor and I also personally supported the theatre and on one occasion in 1985 he and I along with our dates attended a play together at the Jupiter Theatre.

I understand that this statement may be submitted to the Federal Communications Commission.

I declare under penalty of perjury that all of the foregoing statements are true and correct to my knowledge and belief.

AFFIDAVIT

My name is Jaime Garza and I have been a resident of Tequesta, Florida during the 1980's and 1990's. I was employed by WVSI-FM (later called WIXI, WKSX and WTRU) in the first half of the 1980's and again starting in 1991. In the second half of the 1980's I was employed in the automotive industry and did not work for the radio station. During this time I have observed that WVSI-WIXI-WKSX-WTRU FM broadcast local public service announcements and programs for local Jupiter groups and agencies. I have known Jan Davisson for many years and am aware that Jan has broadcast many public affairs interview programs on WVSI-FM since 1984 and before 1984 when the station was run by Ron Winblad and Phylliss Ramsdell. In 1984 and 1985 under the management of Robert Taylor, I know WVSI-FM broadcast a six hour weekly program of latin music and news oriented to hispanics in Jupiter and the stations coverage area. This program was broadcast Sunday mornings 6:00am to 12:00 noon and I was the producer and announcer.

I understand that this statement may be submitted to the Federal Communications Commission.

I declare under penalty of perjury that all of the foregoing statements are true and correct to my knowledge and belief.
